

Elidro

ELIDRO, simple, small sized, cheap and high performances, perfect for renovations or new systems with minimum requirement. Integrated DHW 200-300 Lt tanks, 1 kWp of electric energy to bring self-consumption almost close to 100% at the price of a solar thermal. **ELIDRO** kits are provided complete with all the necessary for the installation, including panel's mounting racks for pitched or flat roofs. **ELIDRO**, on request, is available in all the colours of the **HYBRID DESIGN SERIES**.

Code	Description	Electric Power (Wp)	Thermal Power (kWt)	Tank (Litri)
1534200	Kit Elidro 1,00 kW double coil tank 200 Lt pitched roof	1040	3,53	200
1534300	Kit Elidro 1,00 kW double coil tank 300 Lt pitched roof	1040	3,53	300

Code	Description	Electric Power (Wp)	Thermal Power (kWt)	Tank (Litri)
1634200	Kit Elidro 1,00 kW double coil tank 200 Lt flat roof	1040	3,53	200
1625300	Kit Elidro 1,00 kW double coil tank 300 Lt flat roof	1040	3,53	300

- 
Hybrid Blupower 260Wp-884Wt
- 
Tank with integated solar unit
- 
Inverter zucchetti Azzurro 1100
- 
Solar circuit protection fluid
- 
Hybrid panels connection kit
- 
Solar modules mounting racks (Flat/pitched roof)
- 
Solar expansion tank
